

A **TATA** Product

VOLTAS

Turn your ceiling into a cool style statement.

With the stylish Voltas Venture Cassette Ceiling AC.

VENTURE

This is one AC for which you don't have to create a special place. That's because its sleek and elegant styling blends into the ceiling flawlessly. With its noise-free operation, Venture Casette AC is difficult to locate. Now that's what we call engineering with a sense for aesthetics.

Sleek and elegant styling helps it blend perfectly into the ceiling. An LCD cordless remote lets you choose from a host of features like Auto Cool, Sleep Mode, Dry mode & On /Off Timer.

Auto air swing louvers direct airflow in all four directions for even cooling.

Allows fresh air to enter the room, ensuring continuous replenishment of oxygen.

A 3s cycle design, soft start, silent working and smooth stop ensure quiet operation.

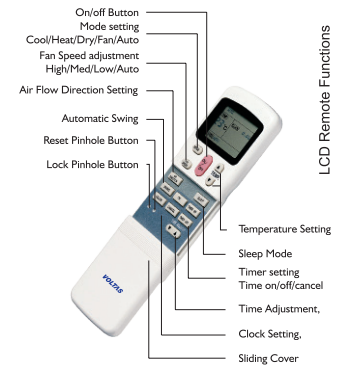

The filter can be removed easily by swinging open the return air grill and sliding it out.

The fan motor is fully enclosed for longer trouble free life. It is also safeguarded against current surges because of its internal overload protector and has permanently lubricated bearings for longer life, quiet operation, and freedom from frequent lubrication.

Ensures proper drainage through an automatic pump.
